

The Norwegian Trans Quarterly

Dear Customers,

First of all, greetings to everyone! With the onset of the summer upon us, and the good fortune of staying excessively busy, the months have flown by and we've realized it's been some time since we've sent out our newsletter. As always, staying in touch with our customers is just as important as the quality product we try so diligently to deliver, so in addition to some changes taking place in the company, we always feel the need to touch base and stay updated with each and everyone of you.

As we all remember, Norwegiantrans was restructured in early May of 2006, with the announcement coming from Roald that he would like to ease his own personal work pace, and to incorporate his partners into more active positions. Since this time, Reidun has assumed a more responsible role in customer relations, project management, invoicing, and so on, with Jerry (Pfoff) maintaining the US office responsibilities. And as early as last year (summer of 2007), Norwegiantrans was proud to announce the addition of Gunnar Toskedal, who has been taking on a similar role in the Norwegian office.

With this being noted, the transition has been smooth, and we hope to grow and will continue to bring a quality product to our customers.

As of September 1st of this year (2008), Roald Toskedal will be stepping down from his everyday activities and has decided to take on a much smaller role (as an advisory) in the company. His long time partner (and daughter), Reidun, will assume the more significant responsibilities while Gunnar manages the Norwegian offices, and Jerry will stay on as the US manager. Our e-mail address will remain the same, as well as our banking connections.

As a small part of the change, we will now be sending out our newsletter quarterly so we can better stay updated with and keep our customers better informed with any and all information that will benefit both parties.

In conclusion, we appreciate each and everyone of you and hope to continue a prosperous relationship with you all!

Best Regards

Jerry J Pfoff

-USA Manager-
